You may board at any of the many designated stops along the route. Look for a BAT bus stop sign, or call 322-5870 for the stop nearest you. It's easy to estimate the time the bus will arrive at your stop. Depending on whether you are inbound or outbound, pick the location timepoint just before your stop. Your bus should arrive right after that timepoint.

For your convenience there are over 175 stops along the seven routes in the BAT System.
